

## Onomatopoeia-what is the sound?

Can you match the onomatopoeia with the sound?

The diagram shows a list of onomatopoeia words on the left and a box containing descriptions of sounds on the right. Red lines connect each word to its correct description.

Onomatopoeia	Sound Description
Buzz	The sound of the bee
snort	The sound of pushing air out of your mouth (your mouth is in an "o" shape!)
clang	The sound of metal
rumble	The sound of an empty stomach/the sound of thunder
squeal	You make this sound when you are really excited
tap	The sound of running water
whistle	You make noise whilst your mouth is closed-sometimes singing when you don't know the words to the song
snip	The sound of scissors cutting paper
sniff	The sound of quickly inhaling through your nose/if you have a cold you might do this
screech	The sound of shouting in a very loud high-pitched voice/the sound of car brakes
creak	The sound of floorboards or a creepy door!
rustle	The sound some people make when they sleep
click	The sound made by your fingers/by your pen lid/by a computer mouse
trickle	The sound of paper
hum	The sound of humming
snore	The sound of snoring
